

Press Approval

Preparing for a Press Check:

Following steps will help in smooth approval

Color Match:

Please provide color match at the time artwork is supplied so that we are ready for you when you get there.

Container:

Color varies depending on container color. Please bring actual filled container.

Down Time:

It takes an average of 30 minutes for each color and/or plate to change.

Timing:

Press approval set up time is difficult to predict. Our goal is to let you know the press approval start time the day before so that you are not waiting for us to fine tune color.
